& THE FINE PRINT

Why choose a styling theme?

By choosing a styling theme package from us, you can be confident that your chosen decor will be beautifully cohesive throughout your venue as it is designed by us alone with your particular needs in mind. Your floral arrangements will be planned to fit inside specific vases, your favours will be chosen to match the decor & your stationery will be designed by our in house graphic designer to fit in perfectly with the whole theme. You will only have to communicate with one supplier instead of multiple people, thus meaning less stress for you & more time to enjoy the celebrations on the most important day of your life.

The Rustic Romance theme includes full dressing of your Top Table & Guest Tables, Cake Table and Cards & Gifts Table as well as a Personalised Table Plan, beautiful Fresh Flower arrangements & edible favours for each guest. Also included are all centre pieces, table numbers, personalised place-names, candles, chair decorations, table runners and welcome area decor.

We will communicate with your venue throughout the planning period, will pop along to take measurements and decide upon the best place to locate everything. One of our professional stylists will then be on site to install the styling theme whenever you need them and will discreetly take it down again at the end of the celebrations without you having to organise a single thing.

Can i change anything?

It is possible to change elements of our styling themes, for example the colour scheme, the flowers and the favours for other styles you may have seen. We will simply work with you throughout the planning stage to make it as cohesive as possible to make sure that your wedding theme continues to run throughout.

It is also possible to opt out of having certain items included in your styling but for the theme to work best we do recommend that you have all of the decor included in the theme.

Can i add anything extra?

You are of course able to add extra items to your styling theme if you wish to.

Just tell us what it is that you want and we will add on what you need as and when you decide.

Previous added extras have included: rustic tables & chairs, extra lighting & ceremony decor but the world really is your oyster here.

How much will it cost?

Our pricing is based on an approximate amount of tables which require dressing, so you can expect to increase the amount for more tables and decrease for less tables.

All of our styling includes fresh flowers, beautiful fresh foliage and gorgeous edible favours from our favourite wedding specialist bakery included within the price so you need not worry about organising these items with an alternative supplier.

Approximately
50-60 GUESTS
£2400.00

TOP TABLE +
6 GUEST TABLES
(seating 10)

Approximately
70-80 GUESTS
£2800.00

TOP TABLE +
8 GUEST TABLES
(seating 10)

Approximately
90-100 GUESTS
£3150.00

TOP TABLE +
10 GUEST TABLES
(seating 10)

Please Note... Because our prices are based on how many tables we have to style not on how many guests you have, if you have tables that seat less guests and there for more tables than stated above, the price will be adapted accordingly.
